**With great hands that come together,  
success becomes sure!  
(Discover your might....)**

The Royal Gondwana Public School is a top rated school in Nagpur and the credit undoubtedly belongs to those who have worked hard day & night to prove themselves consistently with the objectives of the founders.

The school is owned by Hon. Suraj J. Iyer & running under Satpura Education Society.

## Director's Message

Education in the emerging global knowledge economy, has become a great leveler amongst Individuals and Nations, being the highest form of organizational capital. The whole purpose of education is for all individuals to learn and grow as better people, everyone in this sector should then make an effort to work together to achieve the common goal. The need of the hour is to help our children to become independent thinkers and develop integrated personalities.

In parallel, with this thought, we, at **'The Royal Gondwana Public School'** always believe that education should create the pupil's life as a whole in terms of positive attitude towards life, decision making skills, learning about the world around them, and of all, a good Human Being. So wherever our students go, they will put themselves at a concrete level in the society. As per the quote of Charles Darwin, "It is not the strongest species that survives, but the one most responsive and the fittest to the environment".

Through the curriculum, we teach our students to be like the above mentioned quote. We concentrate on sports and studies equally, we also nurture out budding minds to paint themselves at the international platform too, as the world has condensed into one Global Village. TRGPS has evolved up to its bloom and since 2004 we have been scaling a good remarkable growth. Our TROGONS follow "Panchamrut" and make them happy and successful . TRGPS takes utmost care for safety and security of TROGONS.

I urge all students, parents and teachers to work hand in hand unitedly to achieve success. Our children are capable today, they accept challenges in a positive way, they want an opportunity to prove their ability and have sensitivity towards the people around them.

Hon. Jyoti Iyer,  
President

Hon. Suraj Iyer  
Secretary

## Ideal Expedition

A school must be a laboratory for learning through competency based education; attributes of communication skills and values to create awareness in society. Such environment is being provided to our students. So that they will be able to conserve environment, maintenance of hygiene, respect for the girl child, gardening & farming and patriotism.

We are dedicated towards collaborating even the smallest effort of our staff and other admin members in bringing a change in the attitude of our learners. We believe education is effective only when it brings a change in our past attitude and the change is reflected in our present and future actions. Royal Gondwana shall assure such positive change in each and every student that comes to us.

## Benchmark of Institute

The aim of the school is to help and guide the students in their academic, physical, cultural, emotional and even spiritual development. Thus, the objective of the school is to send out young persons who are dynamic in their out-look, have a sense of adventure in them, are humane in all their dealings (and just not intelligent robots), and lastly are cultured persons taking pride in Indian culture and heritage. That is to say, the students shall value the westerner concepts of science and technology, however they shall have their roots in the Indian culture and Indian ethos.

The school also aims at inculcating military virtues, which are time-tested in the students of the school. This will ensure that the school gives some dynamic, adventurous spirited, aesthetic and disciplined youth with a nationalistic outlook towards the country, which is the urgent need of the time in such chaotic conditions prevailing in the country.

## “Parent Teacher Meet” to “Parent Child Teacher Meet”.... PTM to PCTM

School moved from “Parent Teacher Meet” to “Parent Child Teacher Meet”... PTM to PCTM....: Its high time, we tilt the table and move from the age old tradition of Parent Teacher Meet. An equation practised since time immemorial as a platform to convey child's improvement areas and issues wherein the child stand isolated at the receiving end facing the volleys of complaints. The terror mounting majority of students to avoid facing those PTM days as tough times wherein result showing exposure will be exhibited need to be immediately changed as an interactive progressive 360 degree communication exercise. The recent incidents wherein children take extremely bold steps to avoid such meetings proves testimony to our urgency to reform this old practice on war footage- TRGPS has started successful PCTMs and lots of individual differences have been addressed amicably.

### Bags free day

The school has introduced a Bags free day on 2nd Wednesday of every month. This day is dedicated to community service through various school activities to create responsible, compassionate & thoughtful citizens of India. The support of parents enabled us to contribute our bit in the mission of doing some community service and also relieving extra baggage burden from our students young shoulders.

2nd Wednesday, School made most of this Bags Free Day and organized an exhibition wherein various creative expressions were appreciated and picked by visiting parents. School conceptualized, planned, prepared and brought out finished products which were put up for grab by parents. Handmade Pots, Bottle art, Hand-Painted T-Shirt, Paper cup lamps, Ice cream sticks cycles, Paper bags, Key-chains, Bookmarks, Stone art, Pen stand, Envelopes etc got sold like hot cakes and all visitors lauded, appreciated and acknowledged creative expressions of School and guidance extended by staff.

School invited NGO Sandhya Samwardhan Sanstha to put up Rakhi stall which evoked handsome response. It was an attempt to imbibe sensitivity towards deprived section's existence and appreciate work being carried out by such NGOs.

Gram Vikas Sanstha, Pauni which is working towards empowerment: and generation of employment for rural women put up stall of Eco friendly pen and pencils made of paper in order to promote recycle and reuse concept. This novel idea was liked by all and parents responded with purchase.

Our School raised a small amount on one of the Bag's Free Day. The School did their bit for the needy by handing over a cheque of the raised amount to Mr. Sandip Joshi at Deendayal Thali, Nagpur.

### Arrival and dispersal songs

The school has an **inclusive time-table** with equal weightage to sports, arts, music & other extracurricular activities with academics at the pivotal. Arrival and dispersal songs are being introduced to bring happy quotient in school so that every child who comes to school premises feels happy and relaxed. This initiative has proved to be instrumental, further fostering child - teacher rapport, creating space for the child to share his inhibitions, opinions & expectations in a healthy non-fearing environment. Which ultimately paved way for the school to address individual differences, as a child needs to have **faith & trust in school** which is lacking in the present education system.

### Nature's Trail walk

The school has a 'Nature's Trail walk' also called as Trogons Trail. It is included in time table which is implemented to develop “natures trail” in our school premises, which have two ancient Gurukul theme based huts built out of school junk eg. Iron, broken doors, benches, rods, nets basically created by the best out of waste. The motive behind this innovative initiative is to bring classroom out of the class & to make children learn in the lap of nature and appreciate the beauty of it. By creating something useful, we have brought the concept which has global importance.

## 'WALL OF GRATITUDE'

TRGPS strongly believes that there is always something to be thankful for. With gratitude, we acknowledge the goodness in our lives. Keeping this thought in mind. The school has displayed a wall of gratitude for teaching staff, non-teaching staff, trogons, parents & visitors to express gratitude to people who helped them directly or indirectly.

Libraries store the energy that fuels the imagination, open the windows to the world & inspire us to explore, achieve & contribute to improve the quality of life. Libraries change life for better. Today a reader, tomorrow a leader is the belief at TRGPS. We understand the importance of a library in a school & that prone us to fully renovate the exterior, interior as well as update our library.
